

## **VERIFICATION AND UPDATING OF SOCIO-ECONOMIC DATA AND THE ASSETS OF THE FAMILIES AFFECTED BY THE ANADARKO MOZAMBIQUE PROJECT AREA 1**

---

### **About the Project**

In 2010, Anadarko made its first discovery in Area 1 of the Rovuma Basin, and was subsequently discovered more than 75 trillion cubic feet (Tcf) of natural gas in Area 1. The company is working to develop a Liquefied Natural Gas (LNG) project in Afungi, Cabo Delgado.

Consultec has been appointed to provide the following services:

- Verification and updating of Socio-economic data and assets of families affected during Phase 0 of the project.
- Updating the socio-economic data and assets of those affected;
- Collection of new assets and receipt of complaints;
- Obtaining signatures on compensation payment receipts;
- Support in the transport of the resettled persons' goods.
